1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a water and sewer customer of this company.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

As far as I can tell, at least in my area, this company has a monopoly. There is no competition, thus they can ask for an 80% increase in very tough financial times with no moral conscience. Some increase may be warranted, but 80% is criminal. Like all residents, I know they don't expect to get 80% approved, however asking for this absurd amount makes the amount actually granted seem like a bargain and more palatable to everyone involved, including the utilities commission. Most american's, like myself and the ones this proposal affects, are getting fed up with the utility companies raping and pillaging our hard earned wages. At this rate, it want be long before our monthly utilities will cost more than we pay monthly for our dwellings. Looks like it's time for everyone to go back to drilling wells and putting in septic systems, but like many communities that this company services, that probably against the HOA rules. When deliberating, please consider the elderly, poor and unemployed, is this really the time to kick them while they're down?

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
(This section should be completed.)

No, however, based on my comments above, it really shouldn't be necessary. If the hard working people serviced by this company got an 80% increase in income rather than cuts, unemployment, and inflation sure you probably wouldn't here much push back.
